## Our Story

Since 1960, Fox Valley Fire & Safety has been focused on meeting the needs of our customers. The two founders of our company began working out of a basement, with one truck selling fire extinguishers and servicing them on-site. From these humble beginnings, we now have over 80 service vehicles and more than 190 employees working out of our new 46,000 sq. ft. building. Our focus today remains on meeting the needs of our customers.

In 1997 the founders retired and sold the majority of the company to a group of five key managers, all of whom had between 20 to 36 years of dedicated service with Fox Valley Fire & Safety. A significant portion of the business was also sold to the employees through an ESOP (Employee Stock Ownership Plan). In this way, all of the employees have a vested interest in the success of the company.

As the fire protection landscape continues to change, our customers rely on Fox Valley Fire & Safety's knowledge and experience to help them stay current with these changes. Leading the way, Fox Valley Fire & Safety has expanded our products and services to include Fire Alarm, Restaurant Commercial Cooking Systems, Emergency and Exit Lighting, Security Systems, Access Systems, Engineered Suppression Systems, Vehicle Suppression Systems, Sprinkler and, most recently, Wireless Radio Monitoring for Fire Alarm Systems.

Fox Valley Fire & Safety is the one company that does it all. We meet all of the fire and safety needs of our customers from on-site surveys, design, engineering, installation, monitoring, service, inspection and repairs, to the testing required to assure compliance with local codes. Our technicians are well-trained, uniformed, licensed professionals.

Whether you are a small business owner or contractor, a large commercial, industrial or institutional corporation, our goal is to simply deliver the best fire and life safety products and services in the market. As a leader in the life and property protection industry, Fox Valley Fire & Safety has the resources to provide you with the response you expect and the quality customer service you deserve. We are the one company that does it all.

# OUR CORPORATE MISSION STATEMENT

Fox Valley Fire & Safety is an organization of individuals who use their talent, energy, imagination and time to help others have better, more enjoyable and safer lives.

- We believe that everyone—customers, suppliers and ourselves—must be treated with respect, concern and compassion. We also believe that the least of our actions can profoundly affect the safety, security and well being of others.
- As an organization, we pursue healthy and profitable growth through ethical, innovative, competitive business practices that focus on the highest level of quality and service to our customers.
- We strive to be the leader everywhere we compete. Our successful leadership provides opportunities for individual and corporate success, advancement and reward.
