

CAB-5 Series Cabinets Backboxes with Locking Doors

General

All CAB-5 cabinets for fire alarm control panels are fabricated from 16-gauge steel. The cabinet assembly consists of two basic parts: a backbox and a locking door. Cabinets are available in black, with or without windows. The window model provides a tasteful combination to accent the decor of the finest lobby setting.

- The **key-locked door** is provided with a pin-type hinge for easy door removal during installation, two keys, and the necessary hardware to mount the door to the backbox.
- The **backbox** has been engineered to provide ease-of-entry for the installer. **Knockouts** are positioned at numerous points to aid the installer in bringing a conduit into the enclosure with a minimum of hardship.
- **Right- or left-hand hinges**, selectable in the field. Door opens 120°.
- Cabinets are arranged in **five standard sizes**, A (one tier) through E (five tiers). See *Ordering Information*.
- **Red cladding kits** available for ease of customization when red cabinets are required.

Ordering Information

A complete cabinet assembly consists of: a door, dress panels, a backbox, an optional battery plate, and an optional cladding kit (red color). For each cabinet required, order one "DR" door, one "SBB" backbox and dress panels. The BP-5 battery plate is required for each cabinet assembly that mounts batteries and/or a power supply in the lower position of the cabinet.

ONE TIER, "A" SIZE

DR-A5: Door assembly, window, one tier, BLACK, 15 lbs.

DR-A5B: Door assembly, solid door, one tier, BLACK, 18.5 lbs.

SBB-A5: Backbox assembly, one tier, BLACK, 22.5 lbs.

DTR-A5: Cladding kit (RED) for use with "A" size door

TWO TIERS, "B" SIZE

DR-B5: Door assembly, window, two tiers, BLACK, 21 lbs.

DR-B5B: Door assembly, solid door, two tiers, BLACK, 25.5 lbs.

SBB-B5: Backbox assembly, two tiers, BLACK, 29 lbs.

DTR-B5: Cladding kit (RED) for use with "B" size door
